*“A REVOLUTION IN HEATING
FROM A TRUSTED NAME”*

About Cocoon THRMS-1800

The **Cocoon 1800** is an electric furnace that uses a solid ceramic thermal mass which produces heat in the infrared spectrum.

THE COCOON 1800:

- Provides unparalleled heating for up to 1,800 SF
- Features a compact footprint and high-quality construction
- Uses a multi-stage, variable speed blower
- Includes an ECM motor, using less power and providing better air flow
- Is modular - quick and easy to install, like The Unico System
- AI and IoT technology monitors and self-diagnoses any foreseen complications
- Requires minimal to no maintenance, saving you time and money
- Removes up to 41% less electrical energy to produce heat
- Can be paired with The Unico System for the very best and efficient year-round indoor comfort

About Cocoon by Unico

The makers of The Unico System, the industry leader in small-duct central HVAC systems, bring a revolutionary method of heating to their product line with Cocoon by Unico offering a thermal mass furnace. With an innovative design and highly efficient operation, Cocoon furnaces represent the next step in energy-saving efficiencies while delivering the superior comfort The Unico System is known for.

Cocoon Furnace THRMS-1800

General Specifications:

- Energy Type: Electric Grid, Solar, Wind, Hydro or Electric Generator or a mix thereof
- Venting Type: None, No venting necessary
- Emissions: None/0
- Multi-Stage Blower: ECM Multi/Variable-speed
- BTU output: 0-65,000
- Install direction: Vertical, Horizontal, Downflow
- Circuit Ampacity: 50
- Recommend Breaker: 60
- Maximum Air Flow: 2000 CFM
- Electrical Phase: 1
- Product Dimensions: W 18" - H 36" - D 24"
- Product/ Shipping Weight: 137 lbs

Safety and Warranty:

- Safety Listing: UL Verification Listed #SA44706
- 3rd party tested: UL Verification #A781078
- Warranty Parts: 1, 5, 10 years limited (*For more information, see usage and warranty details*)
- Heat Exchanger Warranty: 10 years on heat exchanger
- Warranty: 10 years
